DISTANCE LEARNING

ROSNOU

The Russian New University offers higher education programs of all levels – Bachelor’s, Specialist, Master’s and PhD. Apart from that, applicants can also choose from a variety of secondary vocational and further education programs represented at the university. RosNOU students have the opportunity to learn from more than 300 Doctors and Candidates of Sciences as well as experts in their fields. The educational process is carried out on the basis of three academic and laboratory buildings and one educational and training center.

INTERNATIONAL ACTIVITY

RosNOU takes an active part in international activities and projects. It has signed agreements with dozens of educational institutions in various countries of the world which expands students’ opportunities allowing them to take part in student exchange programs with foreign partner universities or do international internships. The University is also deeply engaged in organizing joint scientific and educational projects, international and all-Russian conferences and seminars.

GRADUATE STUDY

After the law “On Education in the Russian Federation” came into force, postgraduate studies have become the third level of higher education after obtaining Bachelor’s and Master’s degrees.

Full-time postgraduate students are granted the right to defer military service for the entire period of study and they also enjoy all other benefits and privileges allocated to those studying in higher education programs, including the right to tax deduction and payment of tuition fees with maternity capital.

OUR BRANCHES

ROSNOU IN RATINGS

The high quality of education and scientific work, the demand for RosNOU graduates and the influence of the university are confirmed by the leading positions of RosNOU in authoritative university rankings - QS, MosIUR, RAEX, Forbes and others.
